

## | Device Damage Charge: Explanation

The process in which cost is calculated, for any damaged or lost devices, is solely based on a specific case to case scenarios. If an item is stolen, a police report must be provided, and financial responsibility will be discussed at that time. The chart below shows costs associated with 1:1 device in their entirety and more specifically individual parts that may be replaced if full device replacement is not necessary.

Aside from entire device replacement, the charges outlined below are straight forward: if it is broken, damaged, or missing it will need to be replaced. For entire device replacement charges, there may be some variance to cost. The basic replacement method is identical to textbook replacement; the entire cost of the book must be paid *in addition to* yearly textbook rental fees. That is because the device broken, damaged, or lost must be replaced *as well as* maintained through continued use for a re-issued device.

Device Type (Grade Level)	Screen	Keyboard	Touchpad	Total Replacement Cost
<b>C100PA</b> (12th & 4th)	\$130	\$30	\$10	\$125
<b>NL61</b> (11th, 10th, 8th-6th)	\$75	\$39	\$15	\$229
<b>NL7T</b> (3rd)	\$139	\$30	\$15	\$355
<b>HP360</b> (9th, 5th, K-2nd)	\$130	\$65	\$25	\$300

\*Purchase of the Device Protection Plan covers a one-time accidental repair. An accidental repair would cover a broken keyboard/touchpad or screen. Total device replacement may be necessary due to the severity of the break. All students with the **HP360** device must have their device in the provided case for the warranty to be valid.

The variance in cost for entire device replacement may only happen in a few cases. If the damage to the device renders the device unusable and is not covered by a warranty, the full price of the device will be charged.

## | Whitko 1:1 Device Protection Plan 2019–2020

Whitko Community Schools is offering an optional Device Protection Plan for the 1:1 device program. If a student damages or loses their school-issued device, they and/or their parent/guardian are financially responsible. If a theft occurs, a copy of a police report must be provided and financial responsibility will be dealt with at that time.

If you choose to participate in the Device Protection Plan, there is a \$20 premium payment, per student. This covers accidental damage only. Any damages done to the device through negligence or malicious intent will **not** be covered by this plan. The plan is for the current school year only and must be renewed each year. Repairs will be done by the Whitko Technology Department. An invoice describing specific charges will be sent by mail if a student's device requires repair. If a student exceeds the one break in which accidental damage requires repair, the cost for repair will be charged at the full cost of repair. Should you opt into Whitko's device protection plan a maximum of one accidental damage occurrences will be accepted before the plan is no longer applicable. Chargers will also be available at a cost of \$25 if the student breaks or loses their original issued charger.

A signature below signifies that the student and parent have read and acknowledges the Device Protection Plan details. This form is also located on the whitko.org website.

- I choose to pay the **\$20** towards a one-time accidental repair.
- I choose NOT to pay and I understand that I will be responsible for the full cost of repairs. Replacement costs for parts are also listed on the whitko.org website.
