Processes and procedures regarding certified staff about various topics:

Over the years various items have come forward from discussions and negotiations with the teachers' association that are no longer allowable in the agreement. This document attempts to clarify some procedures and processes from those discussions. Nothing in this document is taken to be a negotiated agreement but rather an understanding of current practices that may change at any time either by administrative or School Board direction. The School Board and Administration are committed to continuing the discussion and negotiation process within the limits of the law and hope this document assists certified staff in finding the information they need.

WAGES AND SALARIES

Mileage and Per Diem Meals for Conference and Travel

A teacher shall be paid mileage at the regular rate for mileage set by the School Board for other purposes, for each mile the teacher is required to travel in the course of daily employment, with "daily employment" being defined as beginning with the first building in which such teacher supervises students and ending with the last building in which such teacher supervises students. Such teacher shall file a regular mileage reimbursement claim(s) with the School Board for approval, due to the Deputy Treasurer no later than the first of the month. The School Board, in addition to the mileage reimbursement, has approved the following:

TRAVEL PROTOCOL

1. Prior to any travel for professional development, staff members are required to complete a professional development request at least two weeks in advance. This professional development request must be signed by the Superintendent or designee prior to any costs being incurred. Staff members will be responsible for all unapproved costs. Staff who do not attend a pre-registered conference are responsible for the cost of the conference and all other related costs, including non-refundable hotel fees.
2. TRAVEL – Staff will check out a school car (rental car) to travel to and from professional development when available. Staff members are expected to coordinate with each other and carpool to and from events. If staff members live outside of the district they will need to coordinate a pick-up location within the district or along the route to the destination. If the school car (rental) is not available, this should be noted on the professional development form, prior to its submission. Only in this event, will staff members be permitted to travel using their own vehicle and be reimbursed mileage at the School Board-approved rate. Reimbursements will only be granted from the approved and least costly starting and ending point. For example, if the staff member lives outside of the district and this is fewer miles than departing from within the district, the staff member will be reimbursed from this starting point. Only one car per every 4 to 6 staff members will be reimbursed for mileage and only if prior approval was sought on the professional development form. If a staff member chooses to drive without district approval for mileage, he/she will not be reimbursed.
3. AIRFARE – Travel by plane will only be approved for destinations that exceed a 7 hour drive. Prior approval is always necessary. Flight choices will be made on the cheapest flights, which often include layovers. Flight costs should be closely examined for differences departing from Fort Wayne, Indianapolis, and Detroit. To determine the cheapest flight, mileage and airport parking should be a factor. Staff members who miss flights due to their own negligence will be responsible for the cost of the airfare and all other related, missed conference costs.
4. HOTEL – Hotel rooms should be booked at the lowest possible rate. Rooms should be booked using the government rate if that is lower than the regular advertised rate. If a lower cost hotel is within reasonable walking distance of the event, that hotel should be utilized instead of staying on site. Whenever possible, hotel rooms should range between \$125 to \$150 within the state of Indiana and under \$200 for major cities outside the state. The hotel name and cost should appear on the professional development

form and should be approved prior to leaving. The night before an event hotel rooms will only be approved if the travel time to the events exceeds 2.5 hours based on traffic patterns during the time of day needed to travel.

5. FOOD – Reimbursement at a rate consistent with federal/IRS rules and guidelines will be provided per day. However, if a meal is provided free of charge at the hotel or conference, a reimbursement for that meal will not be paid. You must get itemized receipts for all meals, not just a credit card receipt. No alcohol can appear on these receipts. Tips may not exceed 15%. All receipts must be submitted within two weeks of return. The name or names of the individuals who ate under the receipt must be listed on the back of the receipt. Snacks (anything eaten outside of a regular meal, including dessert) and mid-day coffee will not be reimbursed. Only charges related to direct meals will be reimbursed. Call the deputy treasurer for specific reimbursement rates.
6. CAB/UBER/LYFT/TRAINS/SUBWAYS – Should ground transportation be necessary, staff members should utilize the least expensive and safest option. For example, Uber is generally cheaper but if a staff member is traveling alone, a taxi cab may be used for safety. A receipt must be submitted for reimbursement. In some major cities, public transportation is the least expensive and best option. For example, the Metro from the Atlanta airport to downtown is the cheapest and best option over a cab or Uber/Lyft.
7. PARKING – Staff members should investigate the least expensive parking options at any event. If there is an option to self-park, this should be utilized instead of valet parking. Airport parking should utilize outer lots which cost less than short-term parking.
8. REIMBURSEMENT – It is the responsibility of staff members to turn in the receipts and corresponding reimbursement forms within two weeks of their return. If a staff member has lost a receipt, they are responsible for requesting a copy from the facility. No reimbursement will occur without an itemized receipt. A copy of the approved professional development form should accompany all receipts.
9. TOLLS – Reimbursement for interstate tolls will only occur if a receipt is submitted.

COMPENSATION PLAN

It is agreed by and between these parties that the Compensation Plan and extra duty compensation for the teachers of the Whitko Community School Corporation shall be determined as set forth in Appendices “A” & “B” of the agreement with Whitko Classroom Teachers Association.

EXTRA CURRICULAR POSITION / MODIFICATION

The School Board shall be entitled to add a position(s) to the extra duty compensation schedule, as long as the School Board members and Whitko Classroom Teachers’ Association negotiate the compensation for such position(s) prior to their addition. During a time when negotiations are not in process, this compensation will be discussed with the WCTA. Other adjustments to the Extra-Duty Compensation schedule will be made using the process set forth in the Request for Extra-Curricular Position/Modification.

PAY SCHEDULES:

Teachers shall be paid their contractual compensation in 26 equal payments which payments shall be every other week. Pay schedules are distributed at the start of each school year.

SUMMER PAY: The Corporation shall direct deposit the summer paychecks to the teachers.

LUMP SUM:

A teacher may elect to receive summer pay for June, July, and August in a lump sum payment on the first pay period in June, following the end of the school year, provided that to elect to receive such lump sum payment, such teacher shall notify the Business Manager in writing prior to May 1 or designated date of the same year.

Further, a teacher who, because of disability or pregnancy, leaves active teaching, shall be entitled to a lump sum payment of the teacher's remaining earned compensation, earned extra duty compensation and other earned compensation provided for in their contract. Such lump sum payment shall be determined as follows:

The teacher's remaining earned compensation shall be determined by dividing into the number of teacher days completed by the teacher in the school year, the total contract teacher days. Such percentage shall then be multiplied times the teacher's compensation for such school year, and from such amount shall be subtracted the compensation payments received by such teacher to the time that such teacher leaves active teaching. The balance thus obtained shall be paid to the teacher by the School Corporation.

Any remaining extra duty compensation shall be determined and paid as follows: The amount of days the teacher has served in the extra duty position shall be divided by the total number of days the teacher would have served in such position had such teacher not left active teaching. The percentage thus obtained shall be multiplied times the total compensation to be paid for such extra duty position to the date of leaving active teaching. If the result is that the teacher is still owed for extra duty compensation earned but not yet received, such a balance shall be paid to the teacher as a part of the lump sum payment. If the result is that the teacher has been paid, to date, more than the teacher has earned towards the extra duty compensation, such balance shall be paid by the teacher to the School Corporation.

SUMMER SCHOOL COMPENSATION:

Credit classes taught during the summer will be paid at an hourly rate determined by taking the teacher's regular 9-month compensation and dividing by contracted days and 6 hours.

DRIVER'S EDUCATION COMPENSATION:

Driver's Education, if offered by the corporation, will be run under Community Education. The hourly pay rate will be as approved by the School Board. The bookwork portion of Driver's Education will be one and one half (1.5) times the Summer School Compensation amount.

NATIONAL BOARD CERTIFICATION:

Teachers working toward National Board Certification will receive a stipend equal to 50% of the registration fee, not to exceed \$1,000, and will qualify for additional compensation related to hours of credit obtained upon documented confirmation of the National Board Certification.

PERFORMANCE AWARD GRANTS AND SIMILAR COMPENSATION:

Any compensation from Performance Award Grants or similar state directed additional compensation for teachers will be distributed proportionately based on the compensation model as a one-time payment not added to the base. Whenever possible funds received from like items will be equally divided among eligible recipients.
